**December 2012**

## **Season's Greetings to All Our Business Partners around the World**

Dear Ladies and Gentlemen,

As the year is slowly but steadily coming to its end, it's again time to reflect on the time passed and to look forward. And during this occasion we want to take the opportunity to thank **all our esteemed business partners** – from the snow covered mountains of Switzerland to the vibrant cities of Hong Kong and Tel Aviv – and to all other places where our partners are located, for the trust shown to us and the support granted in the passing year.

Helvetic Investments is about to end its 3rd full year of operations. When we established the company, our aim was to create a dedicated, Asian focused organization, with the highest standard regarding internal and external audit as well as the highest standard of compliance, operational- and risk management.

Furthermore, we aimed for the highest level of investment ethics (in the sense of providing unbiased portfolio management services – strictly applying best-in-class products, and reducing and disclosing possible conflict of interest. If we were to receive retrocession from product providers, it will then be strictly redistributed to our clients).

Besides supporting demanding clients with their investments – especially with the increased focus on the Asian markets – another major focus was to create an IT support system, to enable us to operate above private banking norms in the field of reporting standard. And we do hope, seen from the perspective of our business partners, that we have been able to reach the set goals.

Given the achievement reached, we shall not rest – but we will continue to strengthen our foundation in order to provide our investors the highest service standard.

This year we have decided not to send out Season's Greetings cards, but Helvetic Investments and its staff will instead contribute to some non-political organizations focused on improving the living condition of the less fortunate children. (Organizations mentioned below).

With these, please receive our best wishes for the coming Festive season to you and your family.

Yours sincerely,  
The Helvetic team

Specifically Helvetic Investments and staff will be supporting:

**CamKids** ([www.camkids.blogspot.sg](http://www.camkids.blogspot.sg))

The Cambodian Children's Charity, a development and relief organization, dedicated to providing direct aid to poor children in Cambodia.

**Global Fund for Children** ([www.globalfundforchildren.org](http://www.globalfundforchildren.org))

The mission of The Global Fund for Children is to transform the lives of the world's most vulnerable children by making small grants to innovative community-based organizations. [www.ft.com/intl/indepth/seasonal-appeal](http://www.ft.com/intl/indepth/seasonal-appeal)

And finally – based on the hint of an esteemed business partner;

**SOS Children's Villages International** (SOS-Kinderdorf)

([www.soschildrensvillages.org/Pages/default.aspx](http://www.soschildrensvillages.org/Pages/default.aspx))

This organization's work focuses on abandoned, destitute and orphaned children requiring family-based child-care.
